Principal's Message

Christmas Greetings to you all!

I was privileged to have the opportunity to attend an **International Forum of School Heads on Education—Innovation—Talents—Common Focus in a Multinational Context** held from 6th to 10th August 2010 in Beijing China in celebration of the 60th Anniversary of our sister school The High School Affiliated to Renmin University of China. In the Forum, I presented on the topic “*The Continuing Professional Development of Teachers for English-medium Education*” and it was well received. Our school size is small when compared with the schools of over twenty delegates from different countries (including USA, UK, Finland, Thailand, Singapore, Australia, Japan, Korea, Germany, Denmark, Spain, China). Nevertheless, our school has a big heart and this was how I positioned myself in the Forum. The exchange with famous school principals from all over the world was a very valuable experience for me and the professional dialogue with other delegates was visionary and inspiring.

Mrs. Jane Or

This December, we are very honored to have Principal Liu Pengzhi of the High School Affiliated to Renmin University of China visit us on 20 December 2010. The visit started with Principal Liu touring our school campus, followed by a lesson observation of our Form 7 Pure Mathematics Class. Being a renowned educator and an outstanding Mathematics teacher herself, Principal Liu shared her expertise in teaching and learning of the subject with our colleagues. We also exchanged our views on the challenges our teachers face and how to train and nurture students of the 21st century to ensure that they have the qualities, attitudes, knowledge and skills required of them in their future careers.

Our school is celebrating our 45th Anniversary in 2011. Visiting artists Professor Kong Ho, Dr. Martie Geiger-Ho, local artists and our visual arts students have completed the third mural painting at school to commemorate the happy occasion. Our School Open Days on 2 to 3 April 2011 will be one of the highlights of the celebration. Guests, parents and friends may witness the strong commitment and the strengths of the teachers and students in staging our 45th Anniversary original English Musical titled *Love School Love Life* and other performances. The Anniversary Thanksgiving Mass on 8 April allows the whole school to give thanks to God for the blessings bestowed on the school since its establishment in 1966. Trinitians are looking forward to meeting their beloved Sisters, teachers, friends and buddies in the Reunion Dinner on 8 April 2011. All the anniversary programmes are to celebrate the learning and the achievements of our students. It is indeed the best time for all of us to remember and reflect on the history and development of Holy Trinity College and in particular, how our school foundress, the late Sr. Rose Mary and the retired school principal and supervisor Sr. Juliana have contributed to the success of the school in the past 45 years. May we build on the strengths and work incessantly towards the 50th Anniversary in 2016 under the leadership of our Supervisor Sr. Dominica So and all School Managers!

Mr. N.K. Chiu—Our New Acting Assistant Principal

Mr. N.K. Chiu graduated from the University of Hong Kong in 1990, attaining the degree of Bachelor of Science and he joined our teaching staff in the same year. He proved to be a very good teacher well respected by his students. He was awarded the degree of Master of Science in Information Technology from the Hong Kong Polytechnic University in 2002. Mr. Chiu has been the IT Co-ordinator of our school since 2002 and he has contributed much to the development of technology education and computerization of our school. He has been the panel chairpersons of Physics and Computer in the past 10 years. He is also a member of the Administrative Committee. The whole school rejoices at this new appointment.

Congratulations to you, Mr. Chiu.
